

Hello Youth and families!

I wanted to give an update on the growth of our youth group and some upcoming changes as a result. It has been so amazing seeing how God is working in and through our youth. That has resulted in a growth in numbers attending youth group each Sunday. What we have seen happen in the past is that kids, especially HS, get lost in the crowd or stop attending because of the amount of kids. We want to continue being intentional about investing into the youth. That being said, to be able to do this well we need to “divide and conquer” HS and MS groups. We feel this will help discipleship on multiple fronts. One, we can engage and challenge them on appropriate levels of each age group. Two, we can control the chaos a little better which will allow for greater discipleship of our youth. And in the smaller setting, kids will engage even more with what God is doing in them and through them. So, starting Sunday April 12th, we will be dividing HS and MS into their own groups. For now, it will be at the same time at church, Sundays 6-8pm, but different areas of the church. We believe this move will allow for continued healthy growth of both HS and MS groups. Another exciting thing is that this also opens up more opportunity for releasing gifts in both our leaders and youth. Thank you for your continued support and prayers as we raise up the next generation of leaders.

Sincerely,

Buck Rodolph & Revive Bitterroot Youth Leadership
